Proceedings of the Government of His Highness the Maharaja of Mysore.

READ—

The late Chief Commissioner's Notification No. 102, dated the 7th June 1871, publishing for general information the rules for the establishment of a native subordinate Medical Department in the grade of Hospital Assistants for local service in Mysore.

2. Government Order No. 531-2—Med. 187-04-2, dated the 12th July 1905, sanctioning the increase of the number of Senior Hospital Assistants from 3 to 6, *i.e.*, 4 on Rs. 60+30, and 2 on Rs. 60+20 per mensem.

3. Government Order No. 3868-9—Mis. 736, dated the 23rd September 1897, sanctioning the revision of the Medical Establishment in the State.

4. Letter No. 3659—B. & R. 650, dated the 14th December 1910, from the Comptroller, forwarding with his remarks the following letter No. G. 7, dated the 2nd July 1911, from the Senior Surgeon proposing the alteration of the designation of "Hospital Assistants" into "Sub-Assistant Surgeons" and the revision of the scale of their pay in conformity with certain changes recently introduced in the Madras Presidency :—

"With reference to recent orders issued by the Government of Madras altering the designation of the Hospital Assistants and improving their pay, I have the honor to recommend that the Hospital Assistants in the Mysore Service be accorded similar privileges, and that with as little delay as may be convenient to His Highness' Government. The new designation adopted in Madras is Sub-Assistant Surgeons, and as it is desirable that our nomenclature should conform to that of Madras, it seems necessary to adopt this as the new title for our Hospital Assistants also.

2. This will, of course, necessitate some change in the designation of our Gazetted list, and I propose that the officers now designated Civil Surgeons be called simply "Surgeons" in future, the word "Civil" being merely a relic of the past, and graded first, second and third grade Surgeons; while the Sub-Assistant Surgeons should be amalgamated with the Assistant Surgeons, the whole lot being divided into 7 grades of Assistant Surgeons.

The Honorary list would consist of Honorary Assistant Surgeons of the 3rd, 4th, 5th and 6th grades.

Senior Hospital Assistants would be called Senior Sub-Assistant Surgeons.

The rest of the Hospital Assistants would be called Sub-Assistant Surgeons. Passed Medical Pupils would be called Passed Sub-Assistant Surgeons.

3. Herewith is a proposition statement showing what the change of pay will cost the Province.

The pay of our Senior Hospital Assistants is allowed to stand as at present as I am not in favor of reducing their scale considering the small number of appointments in that grade.

When one considers the amount of sanitary work our Hospital Assistants perform over and above purely Medical work, work which is not, I believe, required of similar officials in Madras, I don't think there should be any hesitation in placing them on pay corresponding to that given in Madras. Our Hospital Assistants also have serious disabilities from which their brethren in Madras do not suffer, in that they draw no house rent nor obtain free quarters as is the rule in Madras.

4. I beg therefore that very early orders be passed on my propositions, so that our Hospital Assistants may not long suffer under treatment inferior to that accorded to their brethren in Madras. I further recommend that the rules be issued with retrospective effect so as to date from 1st April 1910 the day on which the rules came into force in Madras."

No. 3181-2—MED. 128-10-5, DATED BANGALORE, 3RD NOVEMBER 1911.

ORDER THEREON.—Government are pleased to sanction the following changes in the Medical Department :—

(1) Hospital Assistants will hereafter be styled "Sub-Assistant Surgeons" and their pay will be fixed as shown below :—

Local Fund and Sanitary (Medical), dated 3rd November 1911.

(2) The Senior Hospital Assistants will be styled Senior Sub-Assistant Surgeons and their number will be fixed at 6, 3 on Rs. 80 and 3 on Rs. 70 per mensem.

(3) The present Sub-Assistant Surgeons of the 1st, 2nd and 3rd classes will be styled Assistant Surgeons and graded as the 5th, 6th and 7th classes of Assistant Surgeons respectively. The existing rules laid down in para 4 of the Government Order dated the 23rd September 1897 about promotion from class to class among Assistant Surgeons will apply to the first four classes and those laid down in para 6 of the said order about promotion of Sub-Assistant Surgeons to the other three classes of Assistant Surgeons in the revised classification. The promotion of an Assistant Surgeon from the 5th to the 4th class will, as heretofore, be regulated by vacancies and merit and not according to a time scale.

(4) The Honorary Grade of Medical officers will consist of Honorary Assistant Surgeons of the 3rd, 4th, 5th and 6th grades.

(5) Civil Surgeons will be styled Surgeons.

(6) The Hospital Assistants who, at present, have been drawing Rs. 40 per mensem shall be given the option of receiving the promotion due to them under the rules laid down in the late Chief Commissioner's Notification dated the 7th June 1871 read above (that is, to a pay of Rs. 60 after seven years' service in the Rs. 40 class) or of being graded according to the revised classification under this order.

2. The present Senior Hospital Assistants will continue to draw their present salary as against the places in the revised scale till they are otherwise provided for or till their places become vacant.

3. In the case of Sub-Assistant Surgeons under this order, the scale of pay as fixed in para 1 (1) *supra* shall be given effect to from the 1st October 1911, the extra charge involved being met during the current year as far as possible by a reappropriation of the sanctioned budget grants.

4. The rules contained in Government Order dated 23rd September 1897 in regard to the promotions of Medical officers and subordinates and the number of appointments in each grade, shall continue to be in force in so far as they are not modified by this or any other order of Government.
